Job Title

breeding/farrowing technicians

Job Description

Breeding/farrowing technicians

El Tigre and RF Farms, located near Niverville in South East Manitoba, is seeking individuals for the above positions in our farrow to wean operations. Our private production farms generate a satisfactory class of weanling, and have been marketed in the U.S. for a number of years. In our farms, we take pride in our product as well as our people. We currently have available positions for both the breeding and farrowing departments.

Job Requirements:

- 1 to 3 years experience in the hog production industry
- Good work ethic and communication skills
- Team player
- Works well under pressure
- Grade 12 certificate
- Hold a valid driver's license
- Rotational weekend work

Responsibilities:

Breeding Department-

- maintaining breeding targets
- AI and heat detection
- Follow vaccination program and herd health
- Accurate record keeping
- Following bio-security protocols
- Maintaining environment standards
- Essential care of animals including feed and water
- Other tasks as assigned

Farrowing Department-

- maintaining farrowing targets
- gilt/sow and piglet care
- processing of litters
- follow vaccination program and herd health
- accurate record keeping
- following bio-security protocols
- maintaining environment standards
- feeding and watering
- other tasks as assigned

El Tigre and RF Farms offer a competitive wage along with group health benefits, loyalty bonus, and production bonus when targets have been achieved.

If you would like to apply for either position, please email your cover letter and resume to riconny@gmail.com. We wish to thank all applicants for your interest. However, only those selected for an interview will be contacted.
